## 2. Extra Conversion Requirements

### 1 - Entities with Properties

For Entities with properties, please indicate how you would like the underlying assets (Eg Air Conditioner, Fridge, etc) to be treated in the conversion.

**Tip:** Consider how you will be processing the fund and if the [Depreciation Schedule](#) will be used.

**Please Note:** Depreciation Schedules will need to be entered in by clients once the conversion has been completed.

If no option is selected, the underlying assets will be recorded under Fixtures & Fittings (Option 2).

Please select one (1) option only.

1. Record underlying assets as Cost Base Adjustments to the property;
2. Record underlying assets under Fixtures & Fittings;

### 2 - Entities with Managed Portfolios

For Entities with Managed Portfolios, please indicate how the Managed Portfolios should be recorded.

**Tip:** Consider how you will be processing the entity and whether you are looking to receive a data feed from our Supported Wraps & Platforms providers.

**Please Note:** If a data feed will be set up, each investment in the portfolio will be required to be separately recorded.

If no option is selected, each investment will be recorded separately (Option 2).

Please select one (1) option only.

1. Record as 1 unit; or
2. Record each investment separately - Ensure that the Detailed Unrealised Capital Gains Report issued by the provider is provided (Including Acquisition Dates, Units, Cost, Deferred Tax, Market Value).

### 3. Upload

Once the above checklist has been filled in for each entity, please place this completed document along with the required reports into a Folder or Zip Folder that is named with the Entity Name.

The Folder or Zip Folder can then be uploaded to the Dropbox link provided by the BGL Client Success Team.

If you do not currently have a ticket with the BGL Client Success Team, please email [success@bglcorp.com.au](mailto:success@bglcorp.com.au).
